Construction work was completed on a wooden building, about 10 x 8 meters, with a veranda-like front part, located in the shrubby area in the southeastern corner of the field. From the location of the building source inferred that this building was to serve as an grard shack. On 3 May, a motor vehicle with van-like superstructure without windows and text to it a braced mast, about 7 meters high, were observed between the revetments in the northeastern corner of the field. At the most head was 25X1 a basket-shaped antenna which was about 60 cm high, about 10 cm in diameter at the top and 30 cm in diameter at the bottom. On 6 May, a truck with a van-like superstructure and a mast, 8 to 9 meters high and with dipoles at the top, were observed on Pilsanhoehe, south of Koethen, west of Beasdorf. 25X1 Three air force soldiers lay in the grass next to the truck. 2 25X1 Schicular traffic observed repeatedly involved motor vehicles of the driving school Comment. Koethen sirfield is occupied by a fighter regiment equipped with about 28 MiG-15s. aircraft in Merseburg, in Altenburg, in Altenburg, in 25X1 Comment. According to available information, 1 Token-type radar set, 1 Kniferest-type radar set and 1 Fishnet-type radar set are believed to be 1 coated at Koethen airfield. 25X1 25X1 25X1	SECRET/			
Construction work was completed on a wooden building, about 10 x 8 meters, with a veranda-like front part, located in the shrubby area in the southeastern corner of the field. From the location of the building source inferred that this building was to serve as an guard sheek. On 3 May, a motor vehicle with van-like superstructure without windows and least to it a braced mast, about 7 meters high, were observed between the revetments in the northeastern corner of the field. At the mast head was 25X1 a basket-shaped antenna which was about 60 cm high, about 10 cm in diameter at the top and 30 cm in diameter at the bottom. On 6 May, a truck with a van-like superstructure and a mast, 8 to 9 meters high and with dipoles at the top, were observed on Filesanhoehe, south of Koethen, west of Bacsdorf. 25X1 Chrise air force soldiers lay in the grass next to the truck. 2 25X1 Zenter, in laterz, and in Merseburg, in Altenburg, in 25X1 Comment. Koethen airfield is occupied by a fighter regiment equipped with about 28 MiG-15s, in Laerz, and in Merseburg, in Altenburg, in 25X1 Comment. According to available information, 1 Token-type radar set, 1 Kniferest-type radar set and 1 Fishnet-type radar set are believed to be located at Koethen airfield. 25X1 25X1 25X1				
with a veranda-like front part, located in the shrubby area in the southeastern corner of the field. From the location of the building source inferred that chief building was to serve as an guard sheek. On 3 May, a motor vehicle with van-like superstructure without windows and lext to it a braced mast, about 7 meters high, were observed between the eventments in the northeastern corner of the field. At the mast head was a basket-shaped antenna which was about 60 cm high, about 10 cm in diameter at the bottom. On 6 May, a truck with a van-like superstructure and a mast, 8 to 9 meters high and with dipoles at the top, were observed on Pilsenhoehe, south of Koethen, west of Bassdorf. Comment. Koethen airfield is occupied by a fighter regiment equipped with about 28 MiG-15s, aircraft were previously observed in Grossenhain, aircraft in Merseburg, in Altenburg, in 25x1 Comment. According to available information, 1 Token-type radar set, 1 Kniferest-type radar set and 1 Fishnet-type radar set are believed to be located at Koethen airfield.		- 2 -
